M. S. A. D. #44 SUPERINTENDENT'S NEWSLETTER

Dr. Wayne F. Gersen

The teachers in S.A.D. 44 do far more than prepare lessons, teach students, and grade papers. During the past year, over 60% of the teachers in S.A.D. 44 served voluntarily on various district wide committees, and worked voluntarily on various student activities. Because of these teachers' volunteer efforts, the curriculum in S.A.D. 44 is constantly improving, and students in the district are able to participate in extra-curricular activities that would otherwise be unavailable.

Listed below are the teachers who have been cited by district administrators for their participation in volunteer activities: Karen Bean, Pamela Berry, Denise Brown, Peter Brown, Loraine Cyr, Linda Davis, Amy Davis, Nancy Davis, Gerry Dugan, John Emery, Nancy Fox, Linda Gilbert, Mike Gilbert, David Gironda, Caroline Gould, Ellen Haverinen, Wayne Howe, Kathleen McCluskey, Barbara Ferguson, Vickie Meisner, Bev Melville, Shirley Merrill, Terry Merrill, Ray Melton, Susan Mitchell, Mary Newcomb, Joan Parker, Barbara Sabin, Roger Sabin, Shirley Seames, Carol Stuart, Martha Tripp, John Woodbury, Joanne Shimamura, John Applin, Pauline Applin, Vanessa Arsenault, Helen Berry, Ted Davis, Thelma Dombkowski, Sally Hamon, Donald Hebert, Dan Hart, Rick McCann, Suzanne Taylor and David Tripp.

A list like this always runs the risk of omitting a sponsor or overlooking the day-to-day sharing the teachers provide to students in the district, but such a list dispels the notion that teachers are unwilling to give of themselves. The level of participation in volunteer activities by teachers is a certain indication that teachers in S.A.D. 44 care about the students in the district, and care about their profession.

SUCCESSFUL BLOOD CLINIC MONDAY IN BETHEL

FROM THE bethel town office

The Town Office and the Landfill will be closed on Monday, July 4, in observance of Independence Day. The Town Office will resume normal hours, 8 a. m. to 5 p. m. on Tuesday, July 5. The Landfill will be open regular hours 10 a. m. to 4 p. m., both Saturday and Sunday, July 2 and 3.

New seasonal and year round residents as well as many new vehicle owners, are reminded that vehicle window stickers are required to gain proper access to the Landfill on Route 2 opposite the Bethel Town Forest. The red numbered sticker, about two inches square, is the operator's primary means of controlling the proper use of the Landfill. Vehicle stickers are available to residents of Bethel, Newry, Mason and Hanover at no cost at respective town offices (Bethel Town office for Mason residents). The only other information required is the license plate number of the vehicle on which the sticker will be placed. Your cooperation in this matter will greatly facilitate Landfill operations.

The 11 member Airport Development Committee appointed by the Board of Selectmen on June 6, met in its first organizational meeting last Tuesday evening, June 21. The Town Manager summarized airport expansion developments that have occurred since the March 1983 continued on Page Eight

WOODSTOCK MUSEUM OPENS AT NEW BRYANT POND SITE

The Woodstock Museum of the Woodstock Historical Society has opened at its new site, the Crockett barn on Upper Main Street. Structural changes in the building are yet to be made. Thus far only renovations for exhibit purposes have been made. Archive facilities are established. Signs, pictures, church furniture, and maps are highlights of the museum. Many items have had to be stored or filed by the curator until display areas are set up. A meeting of the Society will be held on Tuesday, July 5, at 7 p. m. Plans will be discussed for further projects. Visitors are urged to remember that the accommodations are at best basic for the moment. Their contributions will insure the Society's growth.

The first meeting of the Society at the barn this summer will be Saturday, July 8 at 7 p. m. Plans will be discussed for further projects. Visitors are urged to remember that the accommodations are at best basic for the moment. Their contributions will insure the Society's growth.

Upton

Mrs. Arline Bernier, Corres. — The family of Gramp Thompson thank the people of Upton for donations for shrubbery to be planted in his memory. His favorite flowers and bushes including: 2 rose bushes, 1 lilac, 1 hydrangea, and 1 snowball bush have been planted in front of the camp near the road where all that drive by may enjoy their beauty and fragrance.

Margaret Mitchell was awakened twice during the night Sunday by a very large bear which tamped with her garbage can and scratched on the building.

Margaret Mitchell visited her daughter, Jackie Burnham, in Lebanon, N. H., over the week end. It was the occasion of granddaughter Andrea Burnham's eighth birthday anniversary.

Joseph Bergeron put his plastic handcuffs on his babysitter and broke the key inside when he tried to take them off. Laurie came home later than usual and the girl was in the embarrassing situation for "quite awhile".

The Ladies Aid met Thursday and voted the same slate of officers excepting secretary as Marion York declined. Arline Bernier was chosen to replace her. Several people had special invitations to join the group, but none came. It was voted to extend the new member privilege for the month of July. Anyone wishing to join the group may do so during that month. It was decided to have a chicken barbecue, with Aug. 13 as a tentative date. Laurie Bergeron is on committee.

Lee Howitt led a homey informal worship service as the pastor is on vacation. There will be no Bible Study on Thursday of this week. The regular pastor will be back July 3 to resume services held at 2 p. m.

Our town under God. Those in and from the town of Upton are encouraged to stop in the church Sunday evening, July 3, between 7 and 7:30 to pray for Upton. No preaching but silent or quiet prayers of thanks to the Creator for the beauty and grandeur of the town, for guidance to solve the problems, for unity and love. Someone said the bell says, "God loves you" as it rings. The rope is there for those who would like to send out this message. The doors will be open for those who would like to enter for a few minutes or the full half hour for a quiet time of communion on behalf of the town.

A safe and sane Fourth of July to each of you.

CARD OF THANKS

Chloe and I wish to express our thanks to the members and friends of the Bethel Methodist Church for their loyal support of our ministry for the last four years. Your love and support will always have a special place in our hearts. We thank you for the farewell dinner, words of kindness, expressions of affection and for your cards and gifts. Words cannot fully express our gratitude.

We also wish to say thanks to the Bethel Chamber of Commerce for the Senior Citizenship Award plaque presented to me, at our annual meeting by Muriel Faudi. We shall ever cherish it.

We are not saying goodbye to our Bethel friends, rather Aloha (until we meet again). We wish you God's Blessings and our prayers are with each and every one of you.

In Christian Love,
Millett and Chloe Cummings

(Tri-Town Ambulance & Emergency Rescue Service)

Tri-Town wishes everyone a safe and enjoyable fourth of July week end.

Tri-Town's training meeting this last month was on Heat Stroke, Heat Exhaustion and Heat Cramps. Bruce Tyner lead the training night with a short quiz and discussion on the different symptoms and treatment of these summer time problems. Ambulance personnel are having a business meeting on Wednesday evening, July 13 at Ledgewick to discuss policies and procedures.

The Tri-Town Auxiliary is planning its monthly meeting on Tuesday evening, July 5, at the Bethel Savings Bank in West Paris at 7 p. m. This meeting is open to interested individuals to help with fund raising.

Tri-Town is sponsoring a Diabets Van on July 9 from 9:30 to 1:30 p. m. in the parking lot of Woodstock Elementary School. See the article on the front page.

Safety Tip of the Week:

Forest fire level is now up to three in our area (1 being lowest and 5 being highest risk of forest fire). If campsites are included in your holiday plans, be sure first of a fire permit, second that the fire doesn't have a loose, dry material around it, and third, be sure the fire is completely out before leaving the site. Campfires may be fun, but the potential for danger is always present.

Louise Loring, Corres. —

Fourth of July brings back many fond memories of how it was celebrated for many years, in the town in which I grew up. The night before (as everyone had prepared for the occasion for weeks) brought out all the fireworks in great display in every front yard in the neighborhood. Little children ran around the door-yard at dusk twirling their sparklers while older brothers and sisters were given the task of setting off the firecrackers, under tin cans, or culverts, wherever the case might be, to echo with the loudest explosion that could be manipulated.

Other colorful nockets were sent skywards to shoot away their varied colored lights in the evening sky. All of the animals took cover, especially those that were afraid of loud noises, and covered beneath the old black kitchen range, until the proceedings were over. It was also the local custom for the older boys to play pranks, it was an accepted custom, and people who didn't want to be on the receiving end of these pranks, made sure that all their lawn furniture and ornaments were taken indoors for the occasion. It was a sight to behold the next morning when walking through the village to see an old "pung" high upon the church roof, or an old hayrack perched upon the "Hivery stable"—that belonged to the Grange Hall. On the common, the old wishing well, was a series of bedlam, and upon one occasion it was accidentally blown to bits. The church bells rang exactly at midnight, and the church doors were left open for this occasion.

The next day, weather permitting, a picnic, the first of the summer, was usually enjoyed. Sometimes an outdoor fire was made upon the pasture ledges, and hot dogs and marshmallows roasted, but more often than not, the ladies of each family prepared cold sandwiches and salads, deviled eggs. Lemonade was not made from a mix but squeezed from fresh lemons and painstakingly prepared, with ice garnered from the ice houses, the savdust washed off, chipped and used also to make the special homemade ice cream. There was fun for everyone—everyone prepared and toiled for the occasion. After the picnic the men played horseshoes and other games were played by the children such as bean bag races and the such. The ladies were free for the afternoon and sat in the shade—resting, for the one day out of the hot summer it was permissible for them to do so—perhaps work-

ing on their latest piece of "fancywork". The afternoon usually ended by everyone gathering around the old piano belting out the latest gospel tunes. Everyone had fun and everyone enjoyed.

We still have the 4th of July—and it is still enjoyed to the utmost but I thought perhaps it might be fun for many to recall the day as it used to be, a half century ago. Banners waving and all. Have a Great 4th everyone!

Tuesday evening callers of Mr. and Mrs. Fernand Corriveau were Mr. and Mrs. John Harding, Damon and Adrien, of Waldorf, Md., Mrs. Corriveau's mother, Myrtle Sylvester of Hanover, Larry and Ivy Robinson and daughter, Penny, of Songo Pond Road, Bethel.

Wednesday morning, the ninth birthday celebration of Francis Corriveau was celebrated at his parents' home. Attending were, Darren Brown, Shelly, Stephanie and Jamie Corriveau, Bradley McLain and Damon Harding, plus the brothers and sisters of the honored guest.

Hugh Chapman and son, Timmie, spent the week end at a Cub Scout camp in the Belgrade Lakes Region.

The Gilead Women's Club met Tuesday evening at the library with seven members present. Everyone was reminded to bring their crafts to the next meeting on July 12. A yard sale was planned for early September. Anyone wishing to donate items for the sale call 836-3953 or 836-3563. Someone will pick them up. Also anyone who would like to donate for the bake sale call the above numbers.

Cory Childs, grandson of Louise Loring, is spending this week with his grandmother.

Sunday afternoon, my husband and I helped my daughter and husband, Mr. and Mrs. Richard Cross, move my mother back into her home on Merryfield Hill. Be careful, Mom, behave, and enjoy yourself.

Leo Belanger and wife, Anna, were in Togus Monday where Leo received treatment and results of earlier tests. On the way home they stopped in Turner to see Mr. and Mrs. Roger Corriveau, Sr., and family (granddaughter) and son, Arthur.

Mr. and Mrs. Pete Perry of Berlin, N. H., are helping Leo and Anna in the store, also Anna's daughter, Lou.

Anita Ferrand was at Stephens Memorial Hospital one day last week where she had a cast put on her left arm.

Mrs. Philip Roberts and Mrs. Alan Gwyn, of Portland, and Hooksett, N. H., were unexpected

callers of the Loring family.

FROM THE BETHEL AREA HEALTH CENTER

There has been a general increase in the number of fireworks-related injuries since 1975.

It is estimated that in 1981 alone, 11,400 people were treated in hospital emergency rooms for fireworks related injuries. About 45% of these injuries were in children 14 years of age and under.

Eye injuries are some of the most serious injuries. In a 5-year study in Arkansas, 30% of fireworks-related eye injuries resulted in permanent visual loss or loss of the eye. Most of these injuries were caused by rockets.

Fortunately, Maine allows the sale of sparklers and caps for cap guns but does not allow either the sale or possession of more dangerous fireworks except for aerial displays by properly licensed organizations. Unfortunately, however, some people insist on breaking the law by buying more dangerous fireworks in other States and then bringing them back to Maine.

Let's make this Fourth of July a safe and fun one. Please supervise your children when they play with sparklers. And let's all discourage the use of more dangerous, illegal fireworks.

The time has come for annual physicals for camp and school athletics. Ten years ago a minimal physical every year was acceptable. However, recent studies by both the American Academy of Pediatrics and the American Academy of Family Physicians indicate that a thorough physical every 2 or 3 years for the healthy child over 6 years is all that is necessary and that routine annual examinations on the healthy person are proving to be a waste of time and money. This position is supported in the following: The Committee on School Health, American Academy of Pediatrics reports that "lineup physical examinations are not recommended." The Harvard Medical School Letter of July 1980 further states that "careful study indicates that the cost (or even the risk) of many traditional procedures far outweighs the rare benefit derived when they are done routinely on healthy persons. . . . If more time and money go into examining healthy people, less is available to treat the sick."

However, because many camp and athletic programs still require some type of physical exam within a year, the Health Center will provide a screening physical for our regular patients who have had a complete examination within the last 2 years. The completion of a questionnaire asking for a health history since the last physical exam is required by the parent or guardian. Following is an explanation of the difference between a screening physical and a complete physical.

A screening physical consists of a brief examination of the child for major abnormalities and includes a blood pressure, vision test, analysis and hematology. If the child is healthy, camp or school forms can then be completed. Any significant health problems, however, will probably require a return visit in order to complete a full evaluation and decide on treatment.

Several things are accomplished during a complete physical: 1. A health history; 2. Head to toe health appraisal; 3. Assessment of growth development and school progress; 4. Mental health evaluation of the child and family; 5. Assessment of immunization status; 6. Health education and counseling for both parent and child; 7. Evaluation for participation in athletics; 8. Guidance for prevention of future health problems.

It is hoped that any confusion that parents may have concerning the use of the Bethel Area Health Center for camp and sports physicals has been clarified.

and really care about this why would they close their eyes to what some people do and then go out and arrest someone else.

All my life I have seen some people get by all the way and others that are conscientious, try to do right but suffer all their lives because people won't let them forget they ever did wrong.

Money seems to always talk and many people who have had money bought their way out of things.

This world was created equal but somewhere the equality has been pushed aside. We are supposed to have compassion for one another. Sure hope we can start changing this world around and remove this business of liquor and drugs from our country.

Letters to the Editor

To the Editor:
Someone in that beautiful city of Portland, Maine, insulted the American Flag and the veterans and the many High School Bands of the State of Maine, Sunday, June 19, when they were pushed to the back streets, with their fine parade, at the Annual American Legion Convention.

Who would do this to those who have laid their lives on the line for that glorious flag? We have young men dying daily at Togus, who gave so much to protect it so the rest of us could parade down Congress Street, as in years past.

I, for one, can not forgive those who treated the flag and the veterans so disgracefully that Sunday on the streets of our largest city in Maine.

Why no TV pictures of the convention and no real press coverage? These veterans continue to serve their God and Country and spend thousands of dollars yearly, teaching our youth patriotism!

Our five bands and marching units spent too much money in Portland to be treated as second class citizens, and by whom? Please tell me.

Someone owe the Veterans and the American Flag an apology. For God and Country, I am

To the Editor:
As we approach the 207th birthday of America, well wishes and proper celebrations are in order. I believe that prayers and thanks to our Creator are also relevant and necessary. It is hardly a secret that our nation is in great danger from within as well as without. Must we go merrily on hiding our heads in the sand, oblivious to the perils that stalk our land endang-

ering our people and even our civilization? Isn't it a degree of dishonor that we have become "lovers of pleasure more than lovers of God" as Paul foretold in his Second Epistle to Timothy? May God have mercy on us as individuals and as a nation for our misplaced priorities.

On July 4, 1776 thirteen Colonies during a time of travail and birth united to become the UNITED STATES OF AMERICA. When the representatives of those 13 Colonies signed that famous document the Declaration of Independence the resulting effect was that a NEW NATION had been born.

Most people are unaware that the Covenants and Charter Deeds to this country are recorded in the Old Testament, beginning with the first five Books of Moses.

Isaiah a prophet exclaimed in amazement "Who hath heard such a thing? Who hath seen such things? Shall the earth be made to bring forth in one day? Shall a NATION be BORN at once? For as soon as Zion travailed, she brought forth her children". Isa. 66:8. Isaiah lived some 600 years BC during the reign of Kings Uzziah, Hezekiah and others prior to the Babylonian captivity which occurred about 588 BC. He was favored by a vision of the birth and travail of our country, after which she brought forth her children (other states and territories).

In our schooling we learned that this great continent was named after Amerigo Vespucci but we did not learn the meaning of this man's first name. Professor Miskovsky, scientist in Etymology at Oberlin College, at Oberlin, Ohio brought out astonishing facts about the word America. The Latin form of Amerigo is Americus and the feminine form of Americus is America. Pastor Charles Wesley Ewing of Royal Oak, Mich., states: "The lack of understanding of the American people concerning the name of their own land is a pity. It is more than a pity, it is tragic. The true meaning of the word

AMERICA means KINGDOM OF HEAVEN".

To slide back farther into the history of our people, after being delivered from Egyptian bondage, God established a Kingdom Nation at Mt. Sinai in which He made a Covenant with our forefathers. The scriptures are replete concerning the account of our Covenant ancestors as they moved throughout their history, their tribal occupation of the Land of Canaan now called Palestine, their removal into Assyrian captivity in 721 BC and their escape and westward migrations through the Caucasian Mountains into Europe are all a matter of recorded history.

How many of Christian heritage know that Nathan the prophet referred to America when he spoke of the "APPOINTED PLACE"? Moreover I will "APPOINT A PLACE for my people Israel, and will plant them that they may dwell in a place of their own, and move no more; neither shall the children of wickedness afflict them anymore as beforetime

PLAYGROUNDERS. A great bunch of enthusiastic 4th through 6th graders are participating in a fun-filled week at the Bethel Summer Playground. Some of the activities were: a first aid demonstration by Jon Owen and the B.E.A.R.S., in which the youngsters practiced bandaging and resuscitation; a tour of Casco Bank, in which banking activities were explained by a bank official; and a bicycle safety film and presentation by Officer Bill Williams. Two of the favorite crafts made were papier mache maracas or noise makers and baking clay refrigerator magnets. The daily routine also included warm-up exercises, jump rope, 4 square, hop scotch, jacks and kickball. Every-

one loved eating the homemade ice cream! The group is eagerly anticipating the carnival on Friday!

The hot weather of the past weeks has made all the garden flourish. We have ours all fenced in and hope we will get peas soon. Evidently the wild animals can't climb the fence.

Several strawberry fields were opened on the week end and Joe Vatcher went at 7 a. m. and picked 13 quarts and Evaline and Doris Lawrence hulled them and stored them in the freezer so we will serve strawberry shortcake with real home made biscuits and whipped cream at the Community Club supper on July 2 from 5 to 6 p. m.

Arnold Coffin moved June 25 from Pleasant Valley to the Roxbury Road in Mexico and June 26 he was married to Arlene Ellis, who lives across the road from his sister Alice Goff and the Norman Abbotts so he shouldn't be lonesome.

Callers at Lawrence's: Arnold Coffin, Ruby Coffin, Rhoda Vatcher, Barbara Knightly, Joe and Evaline Vatcher, Mione Record, Heather and Forest, Barbara Felt, Sharon and Jennie, Norman, Arlene, Jo-Anne Abbott, Mr. and Mrs. Albert Penley Sr., Mr. and Mrs. Albert Downing, Herman Bean. Saturday afternoon a small fawn went past Root Lawrence as he stood raking his front lawn. He went onto the main highway. Hope he found Mama.

Mrs. Barbara (Bonney) Knightly, a former resident has sold her home at Norway and bought a smaller house on the Tuell Town road. She will now put a cement cellar under the house before cold weather. Welcome back Barbie.

Newry

— Miss Amy Hanscom, Corres. —

Mr. and Mrs. Norman Davis and Kenneth were hosts at a cook out at their home on Sunday, June 19. Attending were Mr. and Mrs. Brian Hanscom, Bethel; Mr. and Mrs. Ronnie Hunter and two daughters, New Sharon; Mrs. Carol Hunter, Hampton, N. H.; Mr. and Mrs. John Sjostrom, Wichita, Texas. On Monday evening they cooked supper outside. Present were Mr. and Mrs. Norman Davis and Kenneth, Mr. and Mrs. Brian Hanscom, Robert Lowell, Mr. and Mrs. John Sjostrom. Mrs. Sjostrom prepared fried chicken.

The Mothers Club took Newry children to Story Land Monday. About 12 to 14 parents and 35 to 40 children had a very enjoyable trip.

The Planning Board met June 20 at Sunday River Inn. In the absence of James Sysko, Board chairman, Clark Julie Daye presided. Leslie Otter, owner of the Sunday River Skiway, was present to explain plans for the proposed construction of a 72 unit condominium hotel at the Skiway, near the South Ridge Base Lodge. The Board approved the project, but two more units must be sold before construction begins. Also approved was a sub division of a 90 acre plot of land at Sunday River, into three individual housing lots, by Jeffrey Yates. This had been taken up at a previous meeting but tabled for further information. Further study will be made into a possible sub division of land on the Bond Road. No date has been set for the next meeting.

Lloyd Ingraham, Portland, Ore., visited Amy and Roger Hanscom and other relatives in the area last week. On Friday he went to U.M.F. week end activities. He graduated from the then Farmington Normal School in 1935. Saturday he attended the 50th reunion of his class from Winthrop High School.

Terri Dofen, Woodstock, Vt.; Stephen Salisbury, Boothbay Harbor, and Keith Morse, Madison, were guests of Mr. and Mrs. Stephen Yates for a cook out last week. All are students at U.M.O. and have been working as foresters for the Bureau of Public Lands in the local area. Stuart Wagner, Grafton, joined the festivities.

Hey kids, want to win a prize? The Mothers Club will be offering you a chance. How? By dressing up in the best costume for the Molluskett Day Parade at Bethel on July 10. This is open to all Newry children.

There was a very good turn out for Storyland on Monday. There were roughly 18 parents and 30 children who went. A good time was had by all.

Tammy Fleet called from her work, Rock Garden Inn, one day last week.

Mr. and Mrs. Joseph DeAngelis, of Roslindale, Mass., were up at their camp for the week end.

Mr. and Mrs. Bryce Yates called home the other night. They were in Colorado.

Mrs. Mary Morin and Mrs. Jeannine Fleet were in Lewiston Saturday.

Mrs. Jeannine Fleet attended a bridal shower for Jody Haines of West Bethel. There was a very good crowd and nice gifts.

Sent in by Viva Whitman:

Started the past week off right by getting ready and going to Franklin Grange at Bryant Pond. Peggy had gone to Lewiston earlier in the day to meet Derta Becker, who was to stay with her for a couple of days. Also had a visit from Dick Kelly, who worked at the Hillsboro Club in Pompano Beach, Fla., when we did. It was good to see him and hear all the news of friends who worked there.

Tuesday morning, Russell took his car to the village to see why the air conditioner didn't work. Darnita Yates and daughter Eva, along with myself, headed for Lewiston to visit my daughter, Wynona Woolf and baby. Also saw her husband at lunch time. Peggy and Derta headed for Ogunquit to see Peggy's grandson, Russell Merrill, so you see we were all on the go. Guess everyone had a good day. I know I did as it is always a pleasure to see my new granddaughter.

Wednesday, Peggy, Russell and I all worked in the garden a while. I'm afraid I couldn't hold out as long as they did, but did what I could. I have always liked to work in the garden and see how well I could make things grow. Russell worked the longest, but every little bit of help makes less for Russell to do.

Darnita and Eva stopped in for a few minutes on Wednesday and again on Thursday. Always glad to see them if only for a few minutes.

We have hoped we would be around to watch the procedures when the house was put on the new foundation over here at the corner, and sure enough, Peggy had been out town and seen them working to take the house off the old foundation and told us about it. I was busy and the next thing I knew, Russell said, "Here comes the house." We hurried to get where we could watch the happenings and it was very interesting to see how easily the job was accomplished with the right equipment. I couldn't stay over near the corner as my legs wouldn't hold up, but Peggy and Russell did. I watched from the window and could see a lot and was amazed how quickly it was done, so now there is a new addition on our road and a nice one too. I'm sure they have a lot to do before they can live in the house, but welcome them and wish them the best of luck.

Friday found Peggy and Russell especially busy. Peggy found her sink drain had nearly plugged up, so she and Russell spent the forenoon digging that up and fixing it. After lunch Russell and I went to town to get groceries and do other errands. Had to replenish groceries to keep eating.

Saturday, we were all busy getting things ready for our meeting at Bear River Grange. Previous plans had been a boat ride on the Kennebec River from Hallowell to Boothbay Harbor, but as that was

Mrs. Richard Stearns of Rumford Corner and Mrs. Myra Foster were in Rumford Friday afternoon shopping. On Monday they were in Rumford to have Mrs. Foster's car inspected so it is okay for the summer.

postponed until September, we had a meeting to elect officers for the ensuing year. It was a lengthy meeting with a short program, but hope all enjoyed the evening.

Sunday callers were my daughter, Wynona Woolf and baby Courtney. We were just sitting down to dinner when Russell spotted a car going up to Peggy's and it was Dora and Bill Cairns of Jefferson, N. H., with a picnic lunch, so Peggy joined them instead of having dinner with us. After dishes were done, we joined all up at Peggy's and had a nice visit. It had been a long time since I had seen Dora and Bill, so was glad of the chance to see them. Am always glad to see my daughter and baby, so really had a good day. The baby is growing so fast it's hard to believe.

We have certainly had a change in weather the last few days. It was so hot and then the cooler weather makes every one really notice it. We always complain about the weather. It's either too hot or too cold, but where else but Maine can you find such weather! Hope everyone has a good week.

And kept the staff and all in line.
Whose keen sharp wit and funny jokes,
Brought smiles and laughter to the folks.

And send her greetings without end.

The Muskie Center folks all share

And send their love and wishes good.

— Mrs. Collista Morgan, Corres. —

Now with the growing season at its busiest the whole valley seems to be bursting into life. At the tips of the evergreen, in the fluttery aspens, the willows, the alders, and flowers, there's growth.

On a day when the sun flamed across the grasses and the perfume of many plants rose in the shimmering afternoon air, I decided it was time to check on the strawberries.

In the first fields there was special sweetness in the hay curing in the sun. Bob-o-links flew and tinkled above it and I wondered if they were seeking their nests somewhere beneath the hay.

A tedder was at work shaking and throwing the hay. The men hoped to have it dry, raked and baled, and in by nightfall.

I kept climbing and reached the very top field and found there were strawberries, so I went to work. When in this field the sky-bowl always seems more immense and the valley wider. Where could there be a more restful place to pick berries than here. If I became tired I just stood up and turned to the Mountains. There they were blue, or purple brooding and unchanging. Then I looked down to our valley where the men still worked in the fields.

Time passed quickly, as I picked and removed the hulls from the berries. I gathered 1½ quarts, then started down the hill for home.

Daisies and buttercups claim their share of the fields and add country beauty. Daisies with golden eyes and white lashes made a cool combination against the green grasses.

"Give me a glimpse of the meadows green,
Give me space where I can see;
I will roam at will and enjoy the thrill of creation's ecstasy."

—A. Walton

It was a rare and perfect day. Every minute a joy.

During the evening it was again restful, as we sat on the lawn. A canoe, with two, silently moved down the pond. The swallows nesting in the box near by, came and went all evening. One stayed a few minutes then the other came to exchange places. They were a busy pair. We watched the muskrat flounder in the water, then rise again with weeds in its mouth.

A hummingbird came by, stopped on a rose near my chair, then with a flash of ruby-red was gone.

The sun set, forming colorful clouds. Darkness crept down the

hills and the tiny lights of the fireflies sparkled across the lawn. Their message: "Go inside and light your lamps, too."

I saw tragedy this week as I looked from my kitchen window. On the front lawn walked a grackle, apparently oblivious to approaching death. Out of the sky came a sharp-shinned hawk, as fast as lightning, and lit on him. The hawk worked his feet up and down sticking the grackle with his talons then pierced it with its sharp beak. He flew into the air carrying his bird. It all happened in so short a time that I could hardly believe that it has happened.

Ann Holt took her mother to Boston this week on Wednesday where she had eye surgery on Thursday. Ann returned home on Saturday but her mother will remain until sometime this coming week.

We have been to Stephens Memorial Hospital a couple of times to visit Carroll Nottage who is a patient there. Frank and Dorothy have also visited him.

Edith Lang drove up from West Paris and called at the Holts to inquire for Fay.

Mrs. and Mrs. Gerald Cole of Raymond visited his sister, Doris Hayes, on Friday and had lunch with her.

Mr. and Mrs. Robert Holt and children visited Ann and Leomas Holt on Sunday. They plan to go to Boston on Monday and will visit Fay Holt.

John Curtis flew home to Olney, Mont., on Wednesday.

Gerald Stevens, his wife and children, were in town a few days to visit his mother, and then drove back to Kentucky.

Mr. and Mrs. Fred Curtis and others of the family attended a shower for Karen Cogswell in Freeport on Sunday. On their way home they called at the hospital in Norway to see Carroll Nottage.

Eva Felton and Kathy Curtis visited Fred and Rena Curtis one evening.

Town Meeting when the voters approved improvements to Col. Dyke Field in accordance with the "Airport Master Plan Study" (1982).

The Airport Development was chartered by the Selectmen to refine and monitor the local, state and federal dollar process and develop a schedule for necessary expansion.

Having decided that the subject of the Town's share of airport development costs should receive priority effort, the Airport Development committee met again Tuesday evening, June 28, with Jim Waite, a technical representative with Androscoggin Valley Council of Governments to discuss various aspects of developing a portion of the airport as a commercial complex. Readers of the "Master Plan" and Town meeting attendees will recall that the major portion of the \$73,690 projected Town's share would come from the sale and/or lease of commercial property lots along the old runway once the new runway is built. Remaining Town share costs would be obtained through in-kind value of the new runway being deeded at no cost to the town and aircraft tie-down rental facilities. Material on commercial complex marketing plans, lot sizes, services and hook-ups, etc., were reviewed. Each topic will be examined more fully in the near future before making specific recommendations to the Board of Selectmen for items requiring their action. Mr. Waite's initial services were acquired through Bethel's basic membership in the C.O.G. at no extra expense.

The Board of Selectmen will meet in special session this evening (Thursday) at 5 p. m. in the Town Office meeting room to hold a public hearing on the Norseman Inn liquor license renewal and a victualer's license for Andrew and Leslie Aron d/b/a Bulldog Diner.

Dr. and Mrs. Richard Bush of Belmont, Mass., have been spending this week at their home in Kimball Park.

Mrs. Daniel Davis, Karen and Heather, were in Lewiston and Augusta on Monday for an outing with her sister, Mrs. Barry Crommett, and also a visit at the Crommett home in Livermore.

Week end guests of Miss Jori Brooks were Mr. and Mrs. Fred Moshure, Leominster, Mass., and Jerry Greenwell, Brunswick. Joining them on Sunday were Mr. and Mrs. Edmund Owen, Colebrook, N. H.

BIKE SAFETY STRESSED
BY STATE POLICE CHIEF

Several children are killed in bicycle-motor vehicle accidents in Maine each year and many more are seriously injured.

"The majority of the bicyclists killed or injured were violating a traffic law at the time of the accident," said Col. Allan H. Weeks, chief of the Maine State Police.

According to Col. Weeks, "Bicycle safety is especially important because bicyclists vary greatly in experience, ability and in their compliance with safety requirements."

Motorists are advised to be especially on guard for bikes driven without lights at dusk and after dark. In addition, Weeks said youngsters on bicycles sometimes make unexpected moves, making it necessary for motorists to be alert whenever they are driving through an area where bike riders are present.

The state police chief urges every bike rider to observe these rules: ride with traffic and keep far to the right; don't weave or stunt; ride in a straight line; when riding with friends on other bikes, ride single file; in traffic, obey all signs, signals and traffic laws; never hitch on to passing vehicles; if you must ride at night, have a good light and clean reflector; and keep the bike in good condition.

The film schedule at the Moses Mason Museum this summer will be: July 6, "Creative Hands" and "American Folk Art"; July 13, "Yankee Painter: Winslow Homer"; July 20, "Master Kiteman" and "A Lover's Quarrel With the World" (a film about the poet Robert Frost); July 27, "The World and Works of Barbara Seaport." For the film festival during Sudbury Canada Days (Aug. 13 & 14) the following films have been confirmed: "Williamsburg Sampler", "Colonial Naturalist", "The Cooper's Craft", "The Real World of Andrew Wyeth" and "Painting in America: Copley to Audubon."

All members and friends of the Bethel Historical Society are reminded that the annual Society picnic will be held prior to the monthly meeting on July 7, beginning at 6:30 p. m. Anyone attending should plan to bring a picnic lunch. The Society will make lemonade available to anyone interested. As this is a collection night anyone with a collection reflecting the past is urged to bring at least one item in for display. Following this portion of the program a group from Maine Citizens for Historic Preservation including Earle G. Sheldahlworth Jr. of the Maine Historic Preservation Commission and former Maine Citizens president Sally Rand will provide a slide presentation on "Maine's Historic House in Crisis: New Strategies for Survival", also the subject of an exhibit currently on display in the meeting room of the Moses Mason House. Anyone interested is cordially invited to attend.
